

Communities In Schools - After School Centers on Education
Young Elementary

Dear Parent or Guardian,

Communities In Schools is pleased to announce that we are continuing to offer exciting after-school opportunities for students in 2nd through 4th grade.

The primary focus of the program is to improve students' academic success. CIS-ACE will utilize a team of professionals working together to provide academic assistance, enrichment, supportive guidance, college and workforce awareness, and family engagement. We will support the student's positive growth and achievement by addressing individual needs in a caring, personalized, holistic, and accountable manner. The CIS-ACE program will be provided whether your child attends school in person or remotely.

During the school year, from the time of class dismissal 3:05pm until 6:05pm, your child will participate in academic and enrichment activities. This may include tutoring, mentoring, homework assistance, STEAM activities, fine arts, music, drama, dance, cooking and recreational sports activities.

We believe that your child will benefit from involvement in our CIS-ACE program. All services are provided at **NO COST** to the children and their families who are enrolled in the program.

If interested in program, please fill out an interest letter; and wait for a CIS-ACE representative to contact you with further details. If your child is enrolled, we look for a commitment from you that your child will attend a minimum of 45 days, and at least two hours a day, and will follow program rules.

Please feel free to call or contact me at 713-591-5941 and/or ytello@cistxjv.org if you have any questions or concerns.

Sincerely,

Mrs. Tello
